The premier drafting software

Create precise 2D drawings faster with the easy-to-use drafting tools in AutoCAD LT. Improve productivity by automating common tasks and streamlining workflows.

Draft with precision

Produce 2D documentation and drawings with a comprehensive set of drawing, editing, design, and annotation tools.

Get to work quickly

Draft with tools in an intuitive user interface. Easy-to-understand features include contextual ribbon tabs, multifunctional grips, customizable tool palettes, and an intelligent command line.
Use preferred technologies

Ensure compatibility with current technologies with TrustedDWG™ technology, high-resolution monitor support, migration tools, and the Autodesk desktop app.

Work anytime, anywhere

Stay connected to your CAD drawings at job sites and in clients' offices with the AutoCAD web and mobile apps, included with an AutoCAD LT subscription.
AutoCAD mobile app

Take the power of AutoCAD with you wherever you go—even offline. With easy-to-use tools, take measurements on-site and edit CAD drawings during client meetings, on any smart phone or tablet. Download the AutoCAD mobile app from your app store. Sign in with your Autodesk ID and get started.

AutoCAD web app

Access the latest drawings from anywhere without having AutoCAD LT installed on your computer. View, edit, and create CAD drawings in a simplified web interface that runs in your web browser. Sign in with your Autodesk ID at **web.autocad.com**.

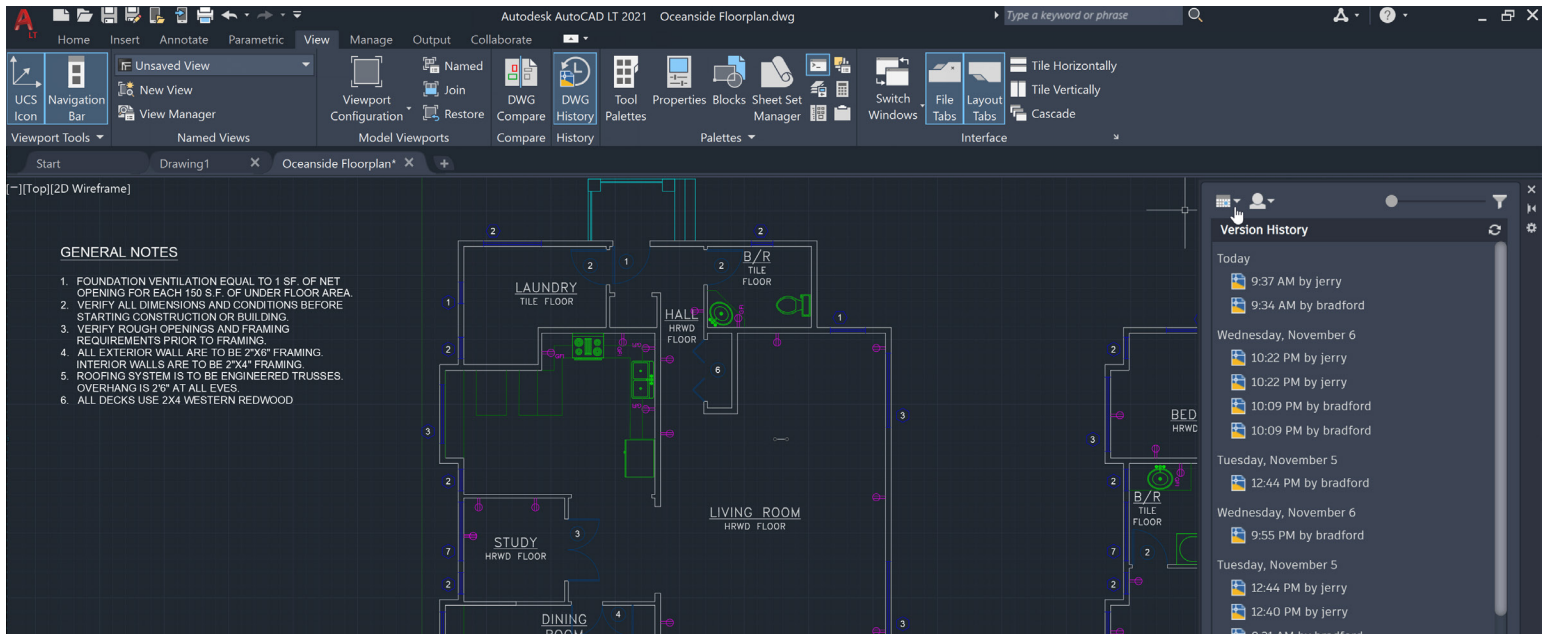

Save to web and mobile

Save drawings and Xrefs from your desktop to web and mobile, letting you access the latest up-to-date drawings in AutoCAD on desktop, web, and mobile. Effortlessly switch from drafting on your desktop to drafting on the go.

Continuous connectivity

View and edit your DWG files stored in the cloud directly with AutoCAD on virtually any device with leading cloud storage providers like Microsoft OneDrive, Box, Dropbox, and Google Drive.

Collaborate with ease

Connect with clients and colleagues across desktop, web, and mobile. Collaborate and make changes in real time, reducing unnecessary communication delays and trips back to the office.

AUTODESK®

Draft fast with new and enhanced features

Drawing History

See changes made to your drawing over time. Get automatic insights by comparing previous versions right within the context of your current drawing.
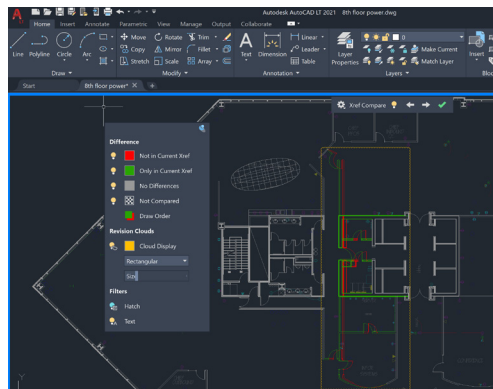

Xref Compare

Compare two versions of an external reference file (Xref) and implement changes without leaving your current drawing.

Blocks palette enhancements

Stay connected to your block content—anytime, anywhere. Insert blocks efficiently from the Libraries tab on desktop or in the AutoCAD web app.

Graphics performance improvements

Pan and zoom faster in real time. When panning and zooming in 2D, AutoCAD LT automatically performs regeneration operations for a faster and smoother experience.

Cloud storage connectivity

Open any DWG file with leading cloud storage providers, as well as from Autodesk Drive included with your subscription.

Trim and Extend

Trim and Extend has become more streamlined – the default Quick mode now automatically selects all potential boundaries.

Quick Measure improvements

The Quick option of the MEASUREGEOM command now shows the calculated values for areas and perimeters in a 2D drawing. Revcloud enhancements.
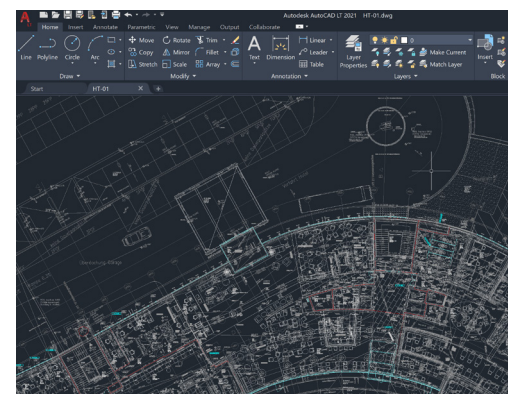

Revcloud enhancements

Change the arc size for any revision cloud with the new REVCLOUDPROPERTIES command.

Break Objects at a Single Point

Separate a line, arc, or open polyline into two objects at a point you select, using the new BREAKATPOINT command.

Protect your designs with TrustedDWG technology

Help retain the integrity of your design data throughout the review process with TrustedDWG™ technology. Built into AutoCAD LT software, TrustedDWG is the original, most efficient, and most accurate way to store and share design data. TrustedDWG files maintain each element in a drawing and the relationship between elements with data fidelity.

Subscription benefits

Subscribe to AutoCAD LT to get flexibility and support benefits. With your subscription, enjoy:

- **Technical support:** Get access to support specialists, remote assistance, and online resources.
- **Up-to-date software:** Stay competitive with instant access to the newest features and performance improvements.
